### 5.2.3 – USE CASE & USER STORIES

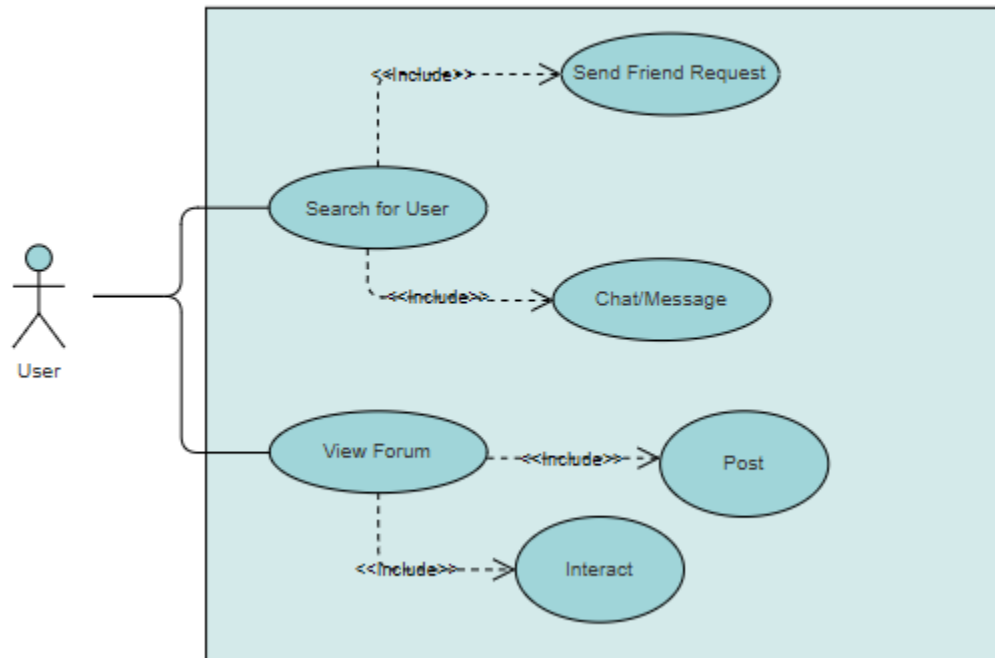

#### User

- As a user, I want to register into the platform, browse, register for, and participate in sports or videogames tournaments so that I can compete, track my progress, and connect with others who share my interest.

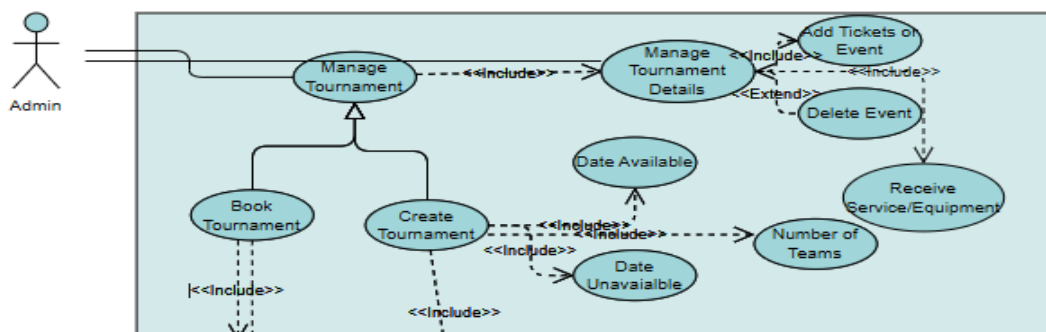

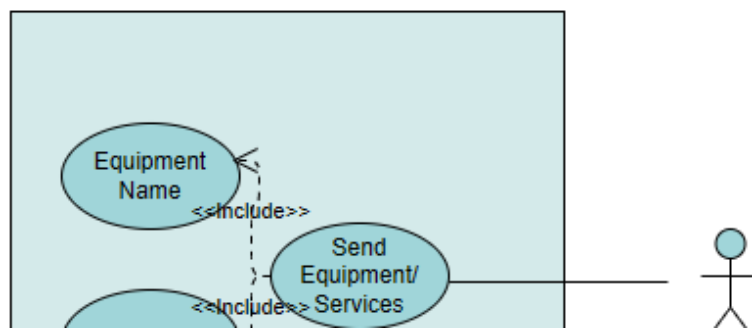

## Admin

- As an admin, I want to create a new tournament on the platform, manage its details, and coordinate with agencies to receive necessary equipment and services.

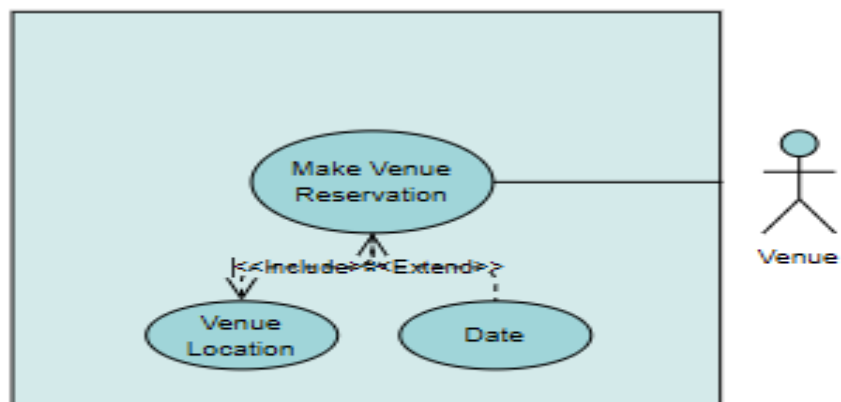

## Agency

- As an agency, I want to provide services and equipment to the tournament company, such as marketing assistance or equipment rentals, to support their organized tournaments.

## Venue

- As a venue, I want to provide reservation services to the tournament company, allowing them to book and utilize our facilities for their tournaments.

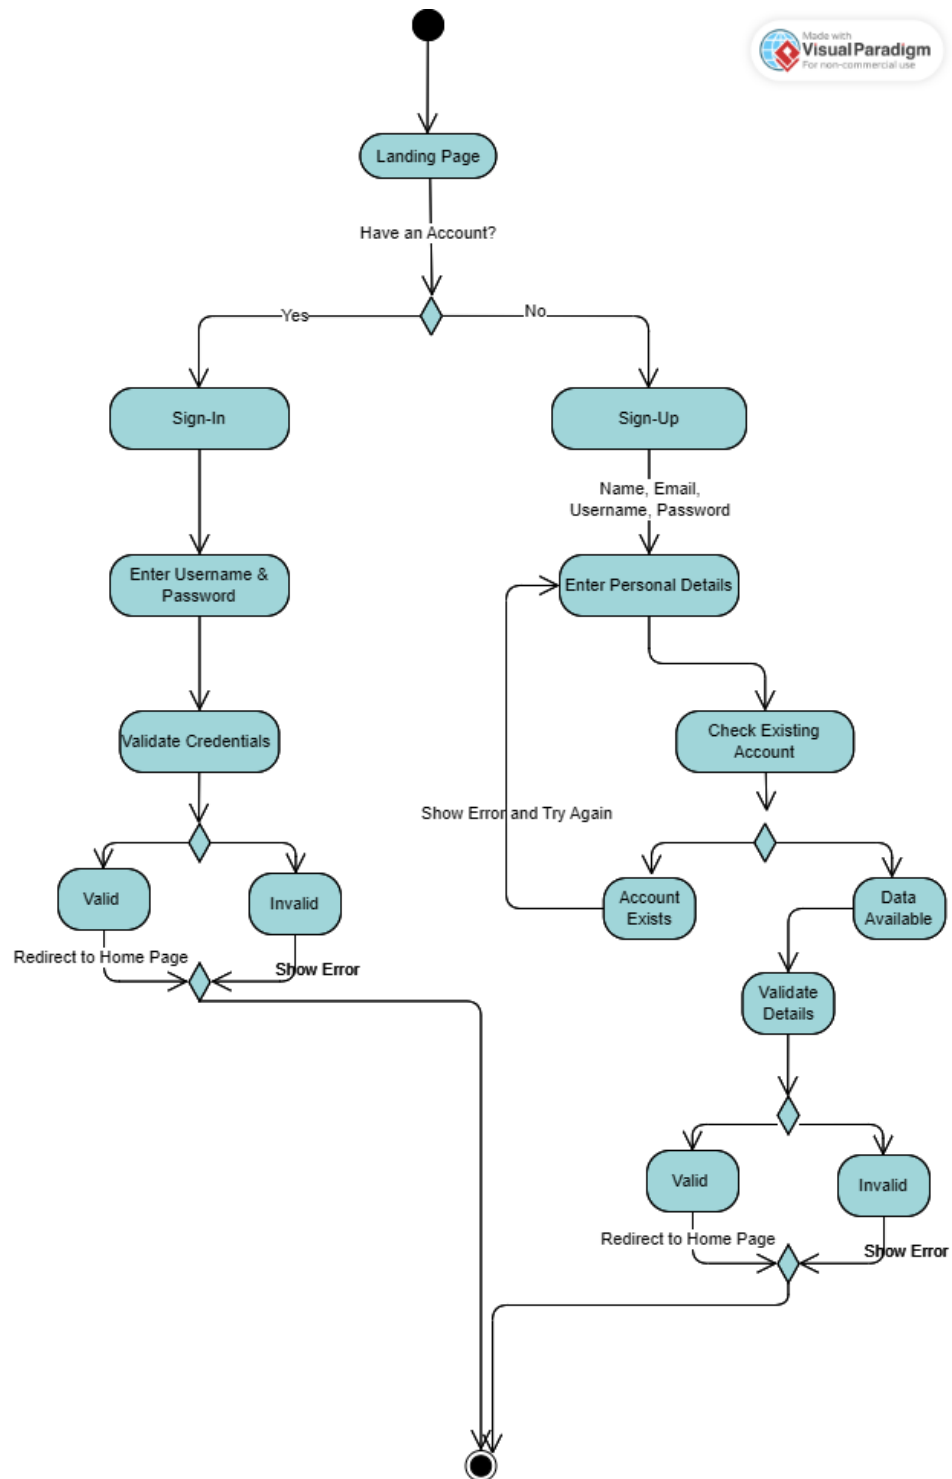

## Bank

- As a bank, I want to receive and process payments from the tournament participants and facilitate secure transactions for the tournament company.

# CHAPTER 6 – DATA DEFINITION FORMS

## 6.1 – Process Specification Form

### 3.2 – Tournament Reservation

Process specification form	
<b>Number:</b> 3.2	
<b>Name:</b> Tournament Reservation	
<b>Description:</b> The User will be able to see what tournaments are available and which type of tickets are available. In addition, he/she will be able to Book tickets.	
<b>Input data flow:</b> User Data	
<b>Output data flow:</b> Available Tournaments	
<b>Type of process:</b> <u>Online</u> Batch    Manual	<b>Subprogram/function name:</b> N/A
<b>Process logic</b>  If the user signs in, he will be able to see the available tournaments and tickets.  Else, there are no current tournaments available.	
<b>Refer to Name:</b>  1.        Structured English <input type="checkbox"/> Decision Table <input type="checkbox"/> Decision Time <input type="checkbox"/>	

## 8.1 – Manage VIP Subscription Plans

Process specification form		
<u>Number:</u> 8.1		
<u>Name:</u> Manage VIP Subscription Plans		
<u>Description:</u> This process allows the admin to create and edit VIP subscription plans, defining the subscription tiers, prices, and associated benefits for users.		
<u>Input data flow:</u> <ul style="list-style-type: none"><li>• Admin Inputs (Subscription details: name, price, benefits)</li><li>• Existing Subscription Data (for editing plans)</li></ul>		
<u>Output data flow:</u> <ul style="list-style-type: none"><li>• Updated Subscription Plans</li><li>• Confirmation Message to Admin</li></ul>		
<u>Type of process:</u>	<u>Subprogram/function name:</u>	
<b>Online</b> Batch    Manual	ManageSubscriptionPlans	
<u>Process logic</u> <ul style="list-style-type: none"><li>• Admin logs in and navigates to the "Manage VIP Subscription Plans" section.</li><li>• Admin selects "Create Plan" or "Edit Plan."</li><li>• Admin inputs or modifies plan details (name, price, duration, benefits).</li><li>• System validates the inputs for completeness and correctness.</li><li>• System updates the database with the new or modified subscription plan.</li><li>• Confirmation is displayed to the admin.</li></ul>		
<u>Refer to Name:</u>		
2.	Structured English <input checked="" type="checkbox"/>	Decision Table <input type="checkbox"/> Decision Time <input type="checkbox"/>

DATA FLOW DESCRIPTION	
Name: Subscription Plan Details	
Description: This data flow contains the details provided by the admin for creating or editing VIP subscription plans.	
Source: Admin	Destination: Process 8.1

## 6.2 – Data Flow Description Form

Type of data flow	
<input type="checkbox"/> Table/File <input checked="" type="checkbox"/> I Screen <input type="checkbox"/> Report <input checked="" type="checkbox"/> Form <input type="checkbox"/> Internal	
DATA FLOW DESCRIPTION	
Data Flow Composition (elements): Plan ID, Plan Name, Price, Name: Request Details Duration, Benefits	Volume/Time: 2HRS
Description: This data flow carries the details of a request for Services / Equipment made by the Admin, which includes the important information for managing the request.	
Comments: This data flow supports the core VIP subscription management functionality.	

Source: Admin		Destination: Process 4.2	
ELEMENT DESCRIPTION FORM			
Type of data flow Name: User ID			
<input type="checkbox"/> Table/File <input checked="" type="checkbox"/> IT Screen <input type="checkbox"/> Report <input checked="" type="checkbox"/> Form <input type="checkbox"/> Internal			
Data Flow Composition (elements): Request ID, Request Description  Client basic information (client id, client name, etc..)		Volume/Time: 2HRS	
Comments: After the admin finishes the request, the details of this request is sent to the Manage Request that may perform adding, editing, updating, or deleting the request.			

### 6.3 – Element Description Form

Alias: User Information	
Description: The primary key for each user is the user ID, which will be used for all processes the user may be involved in.	
ELEMENT DESCRIPTION FORM	
Name: Price	
Element Characteristics	<input type="checkbox"/> Alphabetic <input type="checkbox"/> Character/string <input checked="" type="checkbox"/> Varchar <input type="checkbox"/> Date <input type="checkbox"/> General number <input checked="" type="checkbox"/> Integer <input type="checkbox"/> Floating Point <input type="checkbox"/> Currency
Length: 4 Input Format: 9 (4) Output Format: 9 (4) Default Value:	
<input checked="" type="checkbox"/> Base or <input checked="" type="checkbox"/> Derived	
Validation Criteria	
<input checked="" type="checkbox"/> Continuous Upper Limit  Lower Limit >0	Discrete Value Meaning
<b>Comments:</b> The User ID is given to each user once he/she signs-up. The user ID will allow users to book tickets.	

Alias: Subscription Price	
Description: The monetary cost assigned to a VIP subscription plan.	
<b>Element Characteristics</b>  <u>Length:</u> 10  Input Format: Currency \$10  Output Format: Currency \$10  Default Value:   None	<input type="checkbox"/> Alphabetic  <input type="checkbox"/> Character/string Varchar  <input type="checkbox"/> Date <input type="checkbox"/> General number  <input type="checkbox"/> Integer <input type="checkbox"/> Floating Point <input checked="" type="checkbox"/> Currency
<input type="checkbox"/> Base or <input checked="" type="checkbox"/> Derived	
<b>Validation Criteria</b>	
<input checked="" type="checkbox"/> Continuous  Upper Limit: 10,000     Lower Limit  >0	Discrete           NO  Value Meaning: Represents the subscription plan's cost in the selected currency.
<b>Comments:</b> The value is validated to ensure it is positive and within the acceptable range for affordability and system constraints.	

## 6.4 – Data Store Description Form

<b><u>DATA STORE DESCRIPTION FORM</u></b>	
<b><u>ID:</u></b> d1	
Name: User Info.	
Alias: User information	
Description: Contains all details about the user such as username, password, ID, email, phone number.	
Data Store Characteristics	
File Type	<input checked="" type="checkbox"/> Computer <input type="checkbox"/> Manual
File Format	<input checked="" type="checkbox"/> Database <input type="checkbox"/> File
Data Set Name: User	
Copy Member: User	
Data Structure: User profile	
Primary Key: User ID	
Secondary Keys: Phone Number	
Comments	
This data store contains essential user details required for account management, user interaction, and tracking tournament engagement. It also supports features like user rankings, subscription status, and milestone achievements.	

### **DATA STORE DESCRIPTION FORM**

**ID:** d2

Name: Tournament Info.

Alias: Tournament Info.

Description: This data store contains all the information related to tournaments hosted on the platform, including tournament details, participants, scheduling, and results.

#### Data Store Characteristics

File Type     ☒ Computer     ☐ Manual

File Format   ☒ Database     ☐ File

Data Set Name: Tournament Data

Copy Member: No

Data Structure: Relational

Primary Key: Tournament\_ID

Secondary Keys: Tournament Name, Game/Sport

## Comments

**All the information about the client you can find in this data store:**

- Tournament ID Tournament Name
- Tournament Type (eSports or Sports)
- Game/Sport Name
- Start and End Dates
- Venue Details
- Participant List (User IDs)
- Tournament Rules
- Entry Fees
- Tournament Results (e.g., winners, rankings)
- Sponsorship Information (if applicable)
